## Professional care for your home

The best for your home appliances

**Care+Protect's mission** is summed up in its name and payoff line. **Professional products for the care, maintenance and protection of your home and appliances.**

**Regular maintenance** of your household appliances is fundamental and only by using professional products can you extend their life span and effectiveness over time.

Thanks to the experience of the Candy Group, a group that has always been focused on manufacturing home appliances and which Care+Protect forms a part of, a complete range of products has been developed to provide excellent results.

**Experience, professionalism** and the constant search for **innovation** make Care+Protect a highly specialised range, **recommended by major manufacturers of home appliances.**

This catalogue is **divided into 6 sections**, to help you easily find the products dedicated to each category of home appliances.

In the “Did you know...” box in each section, you will find advice and recommendations from our technicians, who are specialists in home appliances and always know how best to care for them.

In addition, we **always want to be there for our customers** and offer them a range that suits their needs. In the “Just for you” box, you will find what customers love most about our products, real benefits that make home living even easier.

To learn even more about our individual products and how to get the most out of them, **watch our videos on our dedicated Care+Protect YouTube channel.**

# Washing

A wide range of accessories, descalers, hygienic cleaners and fragrances for washing machines, dishwashers and dryers.

### 3-IN-1 LIMESCALE REMOVER - DEGREASER - HYGIENIC CLEANER

Effectively combines **descaling, degreasing and sanitising into a single product**. Removes limescale build-up, deeply cleans and removes mould and bad odours, extending appliance life and reducing energy consumption. Monthly treatment is recommended. Available in two pack sizes with 12 or 4 single-use sachets.

Removes limescale

Degreases and eliminates odours

Extends appliance life

In the washing machine

Pour a sachet directly into the drum and run an empty cycle (without laundry) at 60 degrees temperature, without a prewash.

In the dishwasher

Pour half the sachet into the bottom of the dishwasher and the other half into the detergent dispenser and run an empty cycle (without dishes) at maximum temperature, without a prewash.

A practical and effective product, the **ideal solution** to protect and keep your appliances hygienic.

Did you know...

- Limescale is formed by water with high levels of calcium, magnesium and other minerals that form deposits **from the first day of use on heating elements and internal parts** of an appliance.
- Deposits cause overheating of the heating element, affecting normal operation. Removing calcium deposits helps to **keep consumption down and maintain appliance performance, extending its life**. Monthly descaling treatment is recommended.

Just for you

It removes bad odours, grease and mould that hide in the most inner parts of the appliance.  
Reduced energy consumption.  
Care and hygiene for the whole family.

### MAGNETIC DESCALER

From the first day of use, it helps to **prevent the formation of damaging limescale**, keeping heating elements cleaner and extending the service life of your appliance. It softens hard water, leading to reduced consumption of both energy and detergents, improving washing performance.

Prevents limescale

Reduces energy consumption

Extends appliance life

For washing machines

For dishwashers

Install the magnetic descaler between the tap and water pipe

Did you know...

- The magnetic descaler **prevents** limescale from forming on internal parts of the appliance.
- It uses a **powerful magnetic field** to force the water to follow a certain path, breaking down the molecules of hard salts, transforming calcite into aragonite, which remains suspended and is easily dragged by the current of water out of the appliance.
- Use of the magnetic descaler is recommended for areas with very hard water. Its use ensures that heating elements and internal parts are protected from day one, **maintaining performance and low consumption**.

Just for you

Your washing will be softer and fabrics will be protected. Dishes will be cleaner and brighter.  
Reduced energy consumption.  
Quick and easy to install.  
Completely safe for the environment.

Maximum efficiency at 60°C

### CLEANING TABS FOR WASHING MACHINES

This pack of Care+Protect Cleaning Tabs for washing machines contains 5 x 20g active tablets. The **professional formula with active enzymes** makes the Tabs ideal for a thorough cleaning of the filter and internal parts of your washing machine. Cleaning Tabs remove grease and washing residues, while also sanitising and leaving behind a **pleasant lavender fragrance**. The package includes a pre-cut box which makes it easier to get the Tabs out.

Removes washing and detergent residues

Hygienically cleans and removes odours

Safe touch - Protective water-soluble film wrapper

**Did you know...**

Over time, residues from detergents can cause dirty deposits even on seals and the most hidden places. The enzyme formulation ensures deep cleaning of the washing machine.

Just for you

Ideal for sanitising the drum after washing clothes full of dust and pet hair.

### CLEANING TABS FOR DISHWASHERS

This pack of Care+Protect Cleaning Tabs for Dishwashers contains 5 x 20g active tablets. The **professional formula with active enzymes** makes the Tabs ideal for a thorough cleaning of the filter and internal parts of your dishwasher (pipes, tub, spray arms). Remove grease and washing residues, while also sanitising and leaving behind a **fresh lemon fragrance**. The package includes a pre-cut box which makes it easier to get the Tabs out.

Degreases and removes washing residues

Hygienically cleans and removes odours

Safe touch - Protective water-soluble film wrapper

**Did you know...**

Washing residues reduce the performance of the dishwasher, especially when in the vicinity of the filter. Monthly use of a professional hygienic cleaner provides deep cleaning of all internal parts of the appliance.

Just for you

Ideal for the safety of the whole family and for cleaning even the crockery/ cups and plates.

### DESCALING KIT FOR WASHING MACHINES AND DISHWASHERS

The kit ensures extended protection from limescale, reducing energy consumption and extending the life of your washing machine and dishwasher. It includes 1 magnetic descaler and 2 monthly 3-in-1 descaling powder treatments. **Choose the kit to save money.**

Prevents and removes limescale

Reduces energy consumption

Prolongs appliance life

WMD1002-K 35602103 EAN 8016361975750

### 100% PURE ESSENCE CONCENTRATED LAUNDRY PERFUME

The fragrances bond to the fibers, giving fabrics a simple touch of style. Suitable for **all types of fabrics, colours and washing programmes**. Also suitable for sportswear. Thanks to their special active formula, clothes remain fragrant for up to 5 weeks. Intense fragrance even after tumble drying. **Do not stain.**

Suitable for all types of fabrics and washing programmes

Long-lasting active formula

Long-lasting fragrance after tumble drying

#### In the washing machine

**Pour the perfume into the fabric conditioner tray before starting the selected washing programme:**  
 1 cap (5ml) for delicate fragrance  
 2 caps (10ml) for intense fragrance

Initial hints of pine needles explode into the floral scent of cyclamen. The floral heart has notes of lavender, carnation and geranium. The woody finish is intense thanks to the cedar wood and a vibrant combination of coumarin and amber.

LPL1001B 35602035 EAN 8016361971080 100ml

The intense and vibrant note of neroli and orange introduces an intensely floral body that combines the hints of May rose to velvety, green tones of geranium. The woody finish is thanks to the hints of boisée and sweetened by the warmth of vanilla and coumarin. Its persistence is thanks to the white moss.

LPL1002M 35602036 EAN 8016361971097 100ml

Fresh and sparkling hints of sweet orange combine with the inebriating fragrance hints of talcum which comes through from beginning to end. A fragrance that gives off explosive energy. The iris florentina and coumarin give warmth and persistence to the combination.

LPL1003F 35602037 EAN 8016361971103 100ml

- The fragrance is made up of 100% concentrated perfume which ensures greater intensity compared to other laundry perfumes on the market with noticeably lower perfume percentages (from 5 to 30%).
- It binds to fibers and fabrics perfectly during the final rinse cycle, ensuring **long-lasting fragrance**.
- Since it is not water soluble, the fragrance does not wash away and is reactivated each time it comes into contact with moisture. This makes it perfect also for sportswear.

The intense fragrances give a touch of style to your laundry.

The perfume covers that of the fabric conditioner and remains even after tumble drying.

Active, long-lasting fragrance.

**POWERFUL  
DETERGENT ACTION**

### ALL-IN-ONE DETERGENT TABLETS FOR DISHWASHERS

The professional formula guarantees **perfect washing results** every day and is **effective on all the most stubborn kinds** of dirt thanks to its degreasing power. Continuous use of the tablets protects glass and stainless steel and keeps dishes sparkling, preventing surface streaks and stains. The tablets **neutralise bad odours** and release a **fresh lemon fragrance**.

Its effectiveness has been tested on 11 of the most stubborn types of dirt

Extra brightness with no streaks

Water-soluble film

#### MULTI-ACTION

- Detergent
- Degreaser
- Salt action
- Rinse aid
- Protects crystal

Did you know...

Tested on 11 of the most stubborn types of dirt such as tea, red wine and tomato sauce, with better results than more common products sold in supermarkets.

Just for you

Perfect washing results, even on the most stubborn dirt.

LDT2030 35602032 EAN 8016361971059 30 TABS x 18g

### RINSE AID FOR DISHWASHERS

Ensures **extra shine** for glasses and dishes. Protects from stains and streaks and helps to dry faster.

Extra shine

Protects from stains and streaks

Helps to dry faster

LDR2001 35602034 EAN 8016361971073 500ml

### DISHWASHER DEODORISER

Releases a pleasant citrus fragrance in every wash, thanks to EVA, a non-toxic, thermoplastic material soaked in **essential oils**.

Two **long-lasting and natural fragrances**: lime and blood orange. Thanks to the practical hook, it is easy to install directly onto the top rack of the dishwasher. Effective up to 100 washes.

Removes bad odours

Citrus essential oils

Long-lasting fragrance

Just for you

The essential oils release a pleasant fragrance without contaminating the dishes.

CPO2002 35601775 EAN 8016361935273

### DISHWASHER WASH & CARE KIT

The kit includes **30 ALL-IN-ONE detergent tablets** and **500ml of Rinse aid** to guarantee perfect washing results, even on the most stubborn dirt, giving dishes and plates extra shine. The **2 deodorisers** provide a pleasant fragrance. The **monthly 3-in-1 descaling powder treatment** protects from limescale, reduces energy consumption and optimises washing results.

**Choose the kit to save money.**

Perfect washing results and extra brightness

Removes bad odours

Removes limescale

**SAVES SPACE**

Stacking your dryer above the washing machine is the **ideal solution for saving useful space in the home.**

**MAXIMUM SAFETY**

The kit includes a **safety strip** and **wall mounting kit** to guarantee maximum safety and stability even during the fastest spin cycles.

**UNIVERSAL STACKING KIT WITH SLIDING SHELF**

Thanks to the **securing strip and wall mount**, the universal stacking kit allows for safe and perfectly stable placement of your dryer above the washing machine, saving useful space in the home. The practical sliding shelf, with **safe stop and anti-tipping system**, holds up to 12kg and makes loading and unloading easier. It is also handy for folding laundry as you empty the dryer. The kit is **suitable to all standard-size appliances** (from 47cm to 62cm of depth) even with rounded front. It is a universal solution that allows to stack appliances from various manufacturers.

Quick and easy to install

Suitable for all standard-size appliances, even with rounded front

Safe, durable and stable even during spin cycles

**Did you know...**

- Fast spinning cycles require the dryer to be positioned in a perfectly secure and stable way above the washing machine.
- The safety strip together with the wall mount are the ideal solution that allows to install the two appliances on top of the other, **without having to drill a hole** into the top of the washing machine.

**Just for you**

Extremely stable and safe.

Quick and easy installation. The sliding shelf is useful when loading and unloading laundry.

The sliding shelf is useful for folding laundry as you empty the dryer.

### STACKING KIT FOR WASHING MACHINES AND DRYERS

Allows to stack the dryer on top of washing machines with a standard depth, allowing you to safely save space in the home.

Quick and easy to install

Stability and safety guaranteed

Ideal for standard appliances

Compatible only with dryers:

- CANDY**
- ROSIERES**
- Baumatic**
- ZEROWATT**

58 cm DEPTH

Can be mounted on all washing machines of any brand

47-60 cm DEPTH

- Makes shiny and bright
- Protects surfaces

CSL3802-K 35602107 EAN 8016361975798

To ensure the longevity and performance of your hood, the first step is keeping the filter system in excellent condition. To identify the filter required, we must distinguish between an **internal recirculating hood** and an **external extraction hood**.

**Recommended filters:**  
 - anti-odour activated carbon filter  
 - cut-to-fit anti-grease filter

**Recommended filters:**  
 - cut-to-fit anti-grease filter

- The **anti-grease filter** protects the hood by capturing grease particles. It is universal and can be cut to fit. It is recommended to replace the filter every 3 months.
- The **anti-odour activated carbon filter** captures the odour particles from the air and traps them. It is recommended to replace the filter every 3 months.

Small and simple precautions will help you keep your hood hygienic and running efficiently. The wide professional range of anti-grease and anti-odour hood filters has been designed to ensure best filtration and extraction in any type of hood.

UNIVERSAL

COOKING

**COMPATIBLE ACTIVATED CARBON ANTI-ODOUR FILTERS**

A wide professional range of hood filters that are compatible with all major brands on the market, selected to provide best filtration and extraction.

The filter is made up of **very high quality AC90 carbon** with odour and vapour absorption strength that is **4 times more effective** than traditional carbon filters (AC20). Since they are **self-extinguishing**, they are completely safe to use and comply with the UL94;V-2 standard. They come with a **saturation indicator** that changes colour to indicate when filter replacement is due. Practical and easy to install. It is recommended to replace the filter every **3 months**.

Anti-odour

Maximum absorption

With saturation indicator

- Filter maintenance affects a hood's **efficiency, longevity and noise levels**.
- Anti-odour activated carbon filters **effectively prevent bad odours from forming**.

**Just for you**

The air recirculated into the home in healthier and less "greasy".

Bad odours are reduced to a minimum.

### UNIVERSAL ADJUSTABLE BAKING TRAY

Adjustable baking tray (37cm to 52cm) for maximum versatility in the kitchen. Made in Hi-Top steel with a double layer of Skandia Xtreme Plus coating, to ensure perfect baking and non-stick results. BPA, PFOA and heavy metal free.

Dimensions (LxWxH): 37/52x33x3,5 cm

Perfect baking results

Double layer of non-stick coating

Top quality steel for perfect conductivity

Just for you

Can be used in ovens and mini ovens.

Split in two, it is easy to wash in the dishwasher.

It is perfectly non-stick and ensures even baking.

Suitable for sweet and savoury recipes.

KAT3701 35601999 EAN 8016361963702

### 2-IN-1 ROASTING PAN AND GRID

Together with the grid, it allows for cooking in a light and healthy way without compromising cooking results. Made in Hi-Top steel with a double layer of Skandia Xtreme Plus coating, to ensure perfect baking and non-stick results.

BPA, PFOA and heavy metal free.

Dimensions (LxWxH): 32x24x6 cm

Perfect baking results

Double layer of non-stick coating

Oil and fat free for light and healthy cooking

Just for you

Can be used in a number of ways, either combined or individually.

Perfectly non-stick and easy to clean.

The grid is ideal for low-fat cooking because fats drip into the tray.

KAG3701 35602000 EAN 8016361963719

# Cooling

Hygienically cleans, de-ices and absorbs odours to best preserve food.

### RAPID ACTION HYGIENIC CLEANER

Cleans internal surfaces, making them hygienic, and eliminates unpleasant odours thanks to a pleasant citrus fragrance. Effective on moulds, it prevents bacteria from spreading ensuring food is preserved well.

Eliminates and prevents bad odours

Removes stains and mould

Citrus essential oils

CSL4001/1 35602114 EAN 8016361935358 500ml

### UNIVERSAL ODOUR ABSORBER FOR FRIDGES

A naturally-derived, solid gel that removes unpleasant smells in the fridge, preserving the freshness and flavour of the food.

- Long lasting: 60 days
- Replacement line

Eliminates bad smells and preserves the flavour of the food

Cap with temperature indicator and replacement line

Natural solid gel, allergen free

FAD4001 35602001 EAN 8016361963726

### RAPID ACTION DE-ICER

Improves the performance of appliances – fridge and freezer – and reduces energy consumption related to ice deposits. Defrosts quickly and effectively. Recommended also for use on car windscreens.

Melts ice quickly

Prevents ice from forming

Effective also on car windscreens

CSL7001/1 35602112 EAN 8016361935327 500ml

# Vacuuming

Hygienizer, deodorant and universal accessories for vacuum cleaners.

### PERFUMED GRANULES FOR VACUUM CLEANERS

100% natural and developed for vacuuming. Effectively remove bad odours and release a pleasant lavender aroma while vacuuming.

Eliminates odours

Lavender fragrance

Long-lasting fragrance

100% natural granules

CPO9004 35601788 EAN 8016361935402 4 sachets x 15g

### RAPID ACTION HYGIENIZER

Hygienically deep cleans dust collection bins, protecting from dust mites and allergens. Also ideal for waste bins. Releases a pleasant menthol fragrance.

Hygienically cleans and removes bad odours

Menthol fragrance

Also ideal for waste bins

CSL9001/1 35602118 EAN 8016361935396 500ml

### UNIVERSAL CARPET & FLOOR NOZZLE

Universal nozzle for all floor types with flexible neck and adjustable collar (Ø30-38mm). Suitable for cleaning hard surfaces, wooden floors and carpets.

Universal adaptor

For all floor types

Flexible neck

VNA9001 35601983 EAN 8016361960497

### UNIVERSAL PARQUET NOZZLE

Universal nozzle for parquet floors with flexible neck and adjustable collar (Ø30-38mm) and 2 wheels for easy use on all wooden and hard floor types. The soft brush protects the surface from scratches.

Universal adaptor

Wooden and hard floors

Flexible neck

VNW9001 35601984 EAN 8016361960503

### RIGID UNIVERSAL TELESCOPIC TUBE

Stainless steel universal telescopic tube. Makes vacuuming easier, even in hard-to-reach places.

Stainless steel

Universal

Telescopic tube. Length: 560-940 mm

VAR9032 35601981 EAN 8016361960473 Ø32mm  
VAR9035 35601982 EAN 8016361960480 Ø35mm

### UNIVERSAL GRIP HANDLE

Practical and maneuverable grip handle, with suction regulator. Connects the metal tube to the vacuum cleaner's flexible hose.

With suction regulator

Universal

VAG9032 35601979 EAN 8016361960459 Ø32mm  
VAG9035 35601980 EAN 8016361960466 Ø35mm

# Ironing

Specific products to keep your ironing system in good condition.

### LIQUID DESCALER

Removes limescale, ensuring high performances of your iron. Monthly treatment recommended.

Removes limescale

Optimises performance

Prolongs appliance life

CDL9601/1 35602109 EAN 8016361935280 500ml

### DESCALER IN SINGLE DOSES

Monthly treatment in practical **single doses** to ensure the best performance of your iron, removing limescale and reducing energy consumption.

Removes limescale

Protects internal components

Prolongs appliance life

CDL9612 35601777 EAN 8016361935297 12 phials x 5ml

### PROFESSIONAL SOLEPLATE CLEANING STICKS

Removes deposits from your iron soleplate, improving the iron's performance and making ironing easier.

Removes stains and deposits

Makes ironing easier

Improves performance

CDS9602 35601790 EAN 8016361935426 2 sticks

### IRON MAINTENANCE KIT

It contains all you need for the maintenance of your iron, improving ironing and preventing stains on clothes. By using a phial of descaler each month and periodically cleaning the soleplate, you will keep your iron running efficiently and ensure a longer service life. Monthly treatments are recommended.

**Choose the kit to save money.**

Removes limescale, stains and deposits

Protects internal components

Improves performance, making ironing easier

To improve ironing and prevent unpleasant stains on clothes, it is important to care for your iron by using a specific descaler and cleaning the soleplate periodically.

A clean iron saves you time and effort.

CDL9606-K 35601791 EAN 8016361935433 kit (1 stick + 6 phials)

# Coffee

Liquid and powder descalers for coffee machines and kettles.

### DESCALER FOR COFFEE MACHINES AND KETTLES

Monthly treatment in handy single-use sachets to maintain the efficiency of your coffee machine or kettle. It removes limescale, as well as coffee and tea residues to ensure the best aroma from your hot drinks. Monthly treatment is recommended.

Removes limescale

Removes tea and coffee residues

Prolongs appliance life

CDP6006 35601771 EAN 8016361934603 6 sachets x 20g

### LIQUID DESCALER FOR KETTLES AND COFFEE MACHINES

Monthly treatment in a liquid solution to maintain the efficiency of your coffee machine or kettle. It removes limescale, as well as coffee and tea residues to ensure the best aroma from your hot drinks. Monthly treatment is recommended.

Removes limescale

Removes coffee residues and oils

Prolongs appliance life

CDL6001/1 35602108 EAN 8016361935242 500ml

Did you know...

- Deposits and limescale cause the element to overheat, affecting normal operation.
- To maintain the aroma of your hot drinks it is essential to care for coffee machines and kettles with a specific descaler.

Just for you

Reduced consumption.  
Aroma and flavour preserved over time.  
No burnt coffee aftertaste.
